Brainstorm & Idea Prioritization Template

Date	11 October 2025
Team ID	SWUID20250177148
Project Name	SB Works
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Fresh graduates and skilled freelancers struggle to find genuine, high-quality projects, while clients find it difficult to connect with verified and reliable talent. The challenge is to create a trustworthy and efficient platform that streamlines project workflows, ensures transparency, and fosters secure collaboration between both parties without overwhelming them.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Template

Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

 10 minutes to prepare
 1 hour to collaborate
 2-8 people recommended

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

 10 minutes

A

Team gathering

Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B

Set the goal

Think about the problem you'll be focusing on solving in the brainstorming session.

C

Learn how to use the facilitation tools

Use the Facilitation Superpowers to run a happy and productive session.

1

Define your problem statement

Fresh graduates and job seekers struggle to find genuine freelance opportunities due to high commissions, lack of verified clients, and overcrowded platforms, which leads to frustration and missed income opportunities.

 5 minutes

PROBLEM

How might we help fresh graduates and job seekers find trustworthy freelance opportunities without being overwhelmed or scammed?

Key rules of brainstorming

To run a smooth and productive session

 Stay in topic.

 Encourage wild ideas.

 Defer judgment.

 Listen to others.

 Go for volume.

 If possible, be visual.

Step-2: Brainstorm, Idea Listing and Grouping

Based on the problem statement, the team brainstormed the following core features and solutions for the SB Works platform:

- **Verified Freelancer Profiles:** Allow clients to assess past work and review freelancer profiles to select the best candidate.
- **Secure Admin Oversight:** Implement a dedicated admin team to ensure the integrity, security, and quality of freelancers and transactions on the platform.
- **Skill-based Project Matching:** Enable clients to post diverse projects and allow freelancers to bid based on their specific expertise.
- **Client-Freelancer Review System:** Foster a collaborative environment where clients can review submitted work and provide constructive feedback.
- **Integrated Communication System:** A seamless, in-platform chat system to facilitate smooth communication and collaboration between clients and freelancers.
- **Streamlined Project Submission:** A straightforward process for freelancers to submit completed work directly through the platform.

2

Brainstorm

- Freelancer profile verification
- Skill-based job matching
- Zero/low commission model
- Client-freelancer review system
- Freelance learning hub
- Referral and reward system

3

Group ideas

We prioritized ideas using an Impact vs. Feasibility Matrix. High-impact and feasible ideas included freelancer verification and client reviews. More complex ideas like smart matching algorithms were marked for long-term implementation.

🕒 20 minutes

TIP

Zero/low commission model

TIP

- Referral and reward system
-

TIP

- Skill-based job matching

Step-3: Idea Prioritization

We grouped the brainstormed ideas using an Impact vs. Feasibility approach to identify core functionalities.

- Trust and Security (High Impact):
 - This group includes ideas critical for building user confidence.
 - *Features:* Verified Freelancer Profiles, Secure Admin Oversight, Client-Freelancer Review System.
- Workflow and Collaboration (High Impact):
 - This group focuses on making the process from hiring to project completion as smooth as possible.
 - *Features:* Integrated Communication System, Streamlined Project Submission.

4

Prioritize

- High Impact & Low Effort: Freelancer Verification, Reviews
- High Impact & High Effort: Matching Algorithm
- Nice to Have: Learning Hub

⌚ 20 minutes

The following prioritization is based on an Importance vs. Feasibility matrix, ensuring that the most critical and achievable features are developed first.

- **High Importance & High Feasibility (Core Features):**
 - These are the essential features for the platform to function and build trust.
 - **Ideas:**
 - Verified Freelancer Profiles
 - Client-Freelancer Review System
 - Streamlined Project Submission
- **High Importance & Moderate Feasibility (Complex but Necessary Features):**
 - These features are crucial but require more development effort.

- **Ideas:**
 - Secure Admin Oversight
 - Integrated Communication System (Chat)
- **Nice to Have (Future Enhancements):**
 - These features would add value but are not critical for the initial launch.
 - **Ideas:**
 - Real-time notifications about industry trends
